"Good afternoon. This is Sarah with the Palatka Daily News. I was going over the proposed moratorium on data centers that will be coming up during the board meeting on Tuesday. As I'm looking over the ordinance, it says the ordinance shall not apply to complete applications for data centers that were done before September 1st. My question was, are there any complete applications for data centers now? I believe last time I heard there weren't, but I just wanted to check and see if there have been any complete applications since the last time this was brought up at the board. My number is 386-312-5230. If you could give me a call back when you get a chance, I'd greatly appreciate it. Again, that's 386-312-5230. Thank you so much. I can shoot you an email as well. Have a great day. Bye-bye."
